Life is great, I'm walking in the sun and
everything is cool
Yeah it's true, there's so much we can do
It feels so right
Yeah, it's all right

Maybe, I don't even try fearing what I'd find
Guess I am a number on the line
Could you please tell me why

Baby, I don't even wanna try fearing what I'd find
Guess I am a number on the line
Could you please tell me why we're
on the same line and
Fallin' behind
Fallin' behind on life
